National Minority Quality Forum
nmqf.org

National Minority Quality Forum was founded in 1998 to strengthen national and local efforts to use evidence-based, data-driven initiatives to eliminate the disproportionate burden of premature death and preventable illness for racial and ethnic minorities and other special populations. NMQF promotes access to affordable health care, clinical trial diversity and community health navigator programs as well as patient education resources.

Visit: www.nmqf.org

National Kidney Foundation
kidney.org

The National Kidney Foundation is revolutionizing the fight to save lives by eliminating preventable kidney disease, accelerating innovation for the dignity of the patient experience, and dismantling structural inequities in kidney care, dialysis, and transplantation.

Baywell Health Community
westoaklandhealth.org

Baywell Health Community, formerly the West Oakland Health Council, has provided affordable, high-quality healthcare since 1969. With a renewed focus on the Bay Area Black community's health, we offer comprehensive services including primary care, dentistry, optometry, and behavioral health. Our June 2024 rebrand reflects our commitment to growth without changing our ownership or management. We value strong partnerships and look forward to enhancing community health together.

Alameda County Health Department
acphd.org

The Alameda County Public Health Department provides valuable resource and pocket guides designed to offer quick referrals to local health services and support. These guides are essential tools for residents, ensuring easy access to the extensive programs and services available. By prioritizing community partnerships, the department enhances its mission of safeguarding health and delivering comprehensive care.

Visit: acphd.org

Alameda Health System
alamedahealthsystem.org

Alameda Health System is dedicated to the well-being of every community member, providing accessible care through our hospitals, clinics, and neighborhood services. Our mission of caring, healing, teaching, and serving all includes specialized programs like the Homeless Health Center, Mobile Health Clinic, and Refugee Health Services. These initiatives ensure everyone has access to quality healthcare and essential resources.

Community Health Center Network
chcnetwork.org

The Community Health Center Network (CHCN) delivers exceptional, affordable care to underserved East Bay communities, supporting health centers with essential administrative services so they can prioritize patient care. CHCN clinics enroll members in Medi-Cal and Group Care insurance programs, both offered by Alameda Alliance for Health. These programs provide comprehensive medical, vision, and dental benefits with minimal or no cost to patients, ensuring accessible healthcare for all.

Davis Street Community Center
davisstreet.org

Davis Street offers vital support to low-income families and individuals in Alameda County, helping thousands each year to escape poverty and lead productive lives. Founded to meet the needs of a growing migrant and working poor population, we provide services in English, Spanish, and Cantonese to ensure accessibility. Our resources include a comprehensive list of Bay Area free and low-cost health clinics, available on our website.

Freedom Community Clinic
freedomcommunityclinic.org

Freedom Community Clinic (FCC) in Oakland, CA, merges ancestral wisdom with Western medicine to offer holistic, community-centered healing. We provide free and/or low-cost services, including massage therapy, acupuncture, and educational workshops, to underserved Black, Brown, Native, and immigrant communities in the Bay Area. Our initiatives, including pop-up clinics, healing centers, and apprenticeship programs, aim to empower local individuals with tools for holistic wellness and promote equitable access to comprehensive health resources.

Roots Community Health
rootscommunityhealth.org

Roots Community Health combats systemic inequalities and poverty through comprehensive support services, including medical and behavioral health care, health navigation, workforce enterprises, housing, outreach, and advocacy. By addressing social determinants of health at individual, family, and community levels, we adapt to evolving needs. Our approach extends beyond traditional clinical services to include housing and food security, educational attainment, workforce development, and community capacity building.
